TO
SERVE
YOU

Twenty-eight years' experience in the manufacture of lighting equipment.

Over seventy-five thousand square feet of floor space. Advanced Methods of Manufacture. Large Scale Production.

Newly enlarged *Designing and Developing Department* of qualified *Personnel* bringing to you the latest in design, finishes and engineering.

These, plus the "desire to serve you," make possible the many advantages we are able to offer you.

General Information and Instructions

That we may be in a position to attend to your requirements promptly and according to your wishes, always observe and comply with the following instructions when ordering—

SPECIFY—Quantity, Catalogue Number, Finish and other important detail. Fixtures are shipped wired unless otherwise specified.

FINISHES

Fixtures are carried in stock only in such finishes as designated and cannot be made differently.

SPECIALS

Designs as shown cannot be changed without increased manufacturing costs, delays in deliveries and other various reasons. We request that sales be made according to the specifications and designs as well as finishes, of all numbers represented in this catalogue.

SHIPMENTS AND CLAIMS

Where routing is not furnished, we use our best discretion. As we employ experienced packers and exercise reasonable care, we cannot be held responsible for breakage in shipments delivered to the Carrier in good order. Our responsibility ends when we obtain the Carrier's receipt.

Damage in transit should be adjusted between the customer and the transportation company. We are always willing to give the customer all possible assistance in filing a claim, but we cannot—in any instance—assume the loss ourselves.

SHORTAGES

All orders are checked and carefully rechecked to avoid errors. Packing slips are included with each shipment and claims must be made promptly.

RETURN MERCHANDISE

Do not return any merchandise for credit without first obtaining our permission and shipping instructions.

TERMS

To parties of approved credit—NET 30 Days, 2% Cash Discount if paid within 10 Days from date of invoice.

We solicit new accounts on a credit basis. To facilitate prompt shipments on initial orders, please furnish us with credit references and other information pertaining to credit character.

C. O. D.

C. O. D. Shipments will be made on receipt of a substantial deposit to cover transportation charges—plus an equivalent amount.

THE FRANKELITE COLOR REFLECTORS FOR DECORATIVE LIGHTING EFFECTS.

Frankelite has developed an ingenious means of producing interesting and effective Decorative Color Light Effects with the modern lighting fixtures shown in this catalog and other lighting fixtures and equipments. Patents Pending.

IMPORTANT FEATURES OF THE FRANKELITE COLOR REFLECTORS.

1. Unbreakable; made of metal.
2. Reversible.
3. Does not absorb any of the useful light of the fixtures.
4. Unlimited combinations with one set of color reflectors.
5. Simple to install. Merely snap into place.
6. Instant color changes or combinations made with the same set of color reflectors.
7. Easy Accessibility.
8. Easily cleaned.
9. Low cost.
10. One or more colors may be used on the same or alternating Louvres.

The Frankelite Color Reflector may be used on the following fixtures shown in this catalog;

1. The Nevarre Series	Page 11
2. The Earlwood Series	Page 12
3. The Fleetwood Series	Page 14
4. The Delwood Series	Page 15
5. The Barrington Series	Page 41
6. The Burlington Series	Page 42
7. The Modernizer	Pages 43 and 44

THE NAVARRE SERIES

FINISH: New Ivory Crackle with Gold Trim; Rims beautifully high-lighted in Gold.

Catalog Number	Style	Capacity	Spread Inches	Length Inches	Extension Inches	Standard Package	Code
771	1-Light Wall Bracket	25 to 75-watts	6	8	7	4	Accept
772	3-Light Semi-Ceiling	25 to 75-watts each	14	15		3	Access
773	2-Light Pendant Drop	25 to 75-watts each	14	36		3	Acclaim

All fixtures wired and individually packed.

All Fixtures, Price Schedule "F"

THE NAVARRE SERIES is the latest achievement in the "Better Light-Better Sight" type of lighting fixtures. These fixtures produce effective illumination for eye-comfort. The light source is completely concealed, and the scientific shape of the bowl reflector is designed to throw the light upward, which in turn is reflected from the ceiling, giving the entire room a soft, restful and very pleasant illumination. The bottom Louvre permits enough light to escape to give a very pleasant airiness to the fixture. The clear crystal details enhance the richness and brilliance of the unit. The finish of this series is a development of our own studios. The warm Ivory tint crackle, with white hair lines showing through, augmented by the rich Gold burnished rims, gives decorative charm to the room.

THE MELBOURNE SERIES

FINISH: New Ivory Crackle with Gold Trim; Rims beautifully high-lighted.

Catalog Number	Style	Capacity	Spread Inches	Length Inches	Extension Inches	Standard Package	Code
775	3-Light Pendant Drop	Up to 75-watts each	14	36	----	3	Accord
777	3-Light Semi-Ceiling	Up to 75-watts each	14	15	----	3	Account
778	1-Light Wall Bracket	Up to 75-watts	6	7	7	4	Accrue

All fixtures wired and individually packed.

All Fixtures, Price Schedule "F"

THE MELBOURNE is similar in character and finish to the NAVARRE SERIES, carrying throughout the same scientific principles of lighting and beauty of design except that in the Navarre Series we have provided semi-indirect lighting effects by means of rich Opal bottom-glass in the hanging fixture and beautiful Pearl cup-glass to match in the bracket.

THE EARLWOOD SERIES

FINISHES: Mat Aluminum high-lighted; also made in Bronze with Gold Trim

(When ordering be sure to specify finish wanted.)

Catalog Number	Style	Capacity	Spread Inches	Length Inches	Extension Inches	Standard Package	Code
761	1-Light Indirect Wall Bracket	200-watts	6	11	10	4	Acacia
762*	1-Light Bracket, Portable Hang-Up	200-watts	6	11	10	4	Accede
764	1-Light Pendant Drop	200-watts	13	36	---	2	Accent

*Price Schedule "L"—All others Schedule "F"

All fixtures wired and individually packed.

THE EARLWOOD SERIES consists of a group of three practical fixtures designed in the modern feeling. The fixtures are of the Indirect type, but so arranged as to give unusual decorative charm to the pieces when lighted. No. 761 is designed for permanent installation, while No. 762 Bracket is of the portable "Hang-Up" type, supplied with 7-feet of approved rubber cord and plug. Can be instantly hung wherever wanted and plugged into nearest convenience outlet.

MAXIMUM EYE COMFORT, SATISFYING BEAUTY AT MINIMUM COST.

THE FLEETWOOD SERIES

FINISHES: New Crackle Ivory & Gold; Mat Aluminum, high-lighted.

(When ordering be sure to specify finish wanted.)

Catalog Number	Style	Capacity	Spread Inches	Length Inches	Extension Inches	Standard Package	Code
730	1-Light Screw-in Adapter	100 or 150-watts	13	11	----	4	Abduct
731	1-Light Suspender	100 or 150-watts	13	13	----	4	Abide
732	1-Light Close Ceiling	100 or 150-watts	13	13	----	4	Ability
734	1-Light Pendant	100 or 150-watts	13	36	----	2	Able
733	1-Light Wall Bracket	100 or 150-watts	10	11	10	4	Abroad
735*	1-Light Portable Hang-up	100 or 150-watts	10	11	10	4	Abode

*Price Schedule "L"—All others Schedule "F"

All fixtures wired and individually packed.

THE FLEETWOOD SERIES is designed for simplicity and dignified beauty along classical modern lines. The body shape consists of two tapering Louvres. The upper Louvre is of proper proportions and shape to cause the light to be thrown against the ceiling and be deflected from it, giving the room a soft and effective lighting for eye comfort. The lower Louvre is designed to deflect some light against the fixture body, giving it a charming luminous effect. The bottom Louvre permits of easy relamping and cleaning. The simplicity of the FLEETWOOD SERIES design lends itself to the Mat Aluminum finish. This is ideal for ultra modern interiors. For homes where a little more warmth in decoration is desired, the New Crackle Ivory finish with Gold Trim adds much to the unusual beauty of this series.

THE DALWOOD SERIES

FINISHES: Bright Bronze and Gold; Crackle Ivory and Gold;
Mat Aluminum; high-lighted.

(When ordering be sure to specify finish wanted.)

Catalog Number	Style	Capacity	Spread Inches	Length Inches	Standard Package	Code
740	1-Light Fixture Screw-in Adapter	Up to 200-watts	13	12	4	About
741	1-Light Fixture Suspender	Up to 200-watts	13	13	4	Above
742	1-Light Fixture	Up to 200-watts	13	15	4	Abreast
744	1-Light Drop Fixture	Up to 200-watts	13	36	4	Abrupt

All fixtures wired and individually packed.

All Fixtures, Price Schedule "F"

THE DALWOOD SERIES is the modern expression of grace and symmetry. The shape is of scientific design to permit the most efficient output of light for eye-comfort. The lower Louvre permits light to be deflected against the outer surface of the fixture, giving the effect of a very welcome glow. The finial is of pastel tint glass, and the stars are accents of beauty. The light source is completely concealed in accordance with the latest practice of illuminating engineering. These shapely fixtures may be obtained in three very beautiful finishes. The New Crackle Ivory is a charming finish created in our own studios.

THE REXWOOD SERIES

FINISHES: Mat Aluminum high-lighted; New Crackle Ivory and Gold;
Bronze and Gold Trim.

(When ordering be sure to specify finish wanted.)

Catalog Number	Style	Capacity	Spread Inches	Length Inches	Extension Inches	Standard Package	Code
750	1-Light Screw-in Adapter	Up to 200-watts	13	12 ½	----	4	Absent
751	1-Light Fixture	Up to 200-watts	13	11 ½	----	4	Absolve
752	1-Light Close Ceiling	Up to 200-watts	13	15	----	4	Absorb
754	1-Light Pendant Drop	Up to 200-watts	13	36	----	4	Abut
753	1-Light Wall Bracket	Up to 100-watts	12	10	12	4	Abuse
755*	1-Light Portable "Hang-Up"	Up to 100-watts	12	10	12	4	Abyss

*Price Schedule "L"—All others Schedule "F"

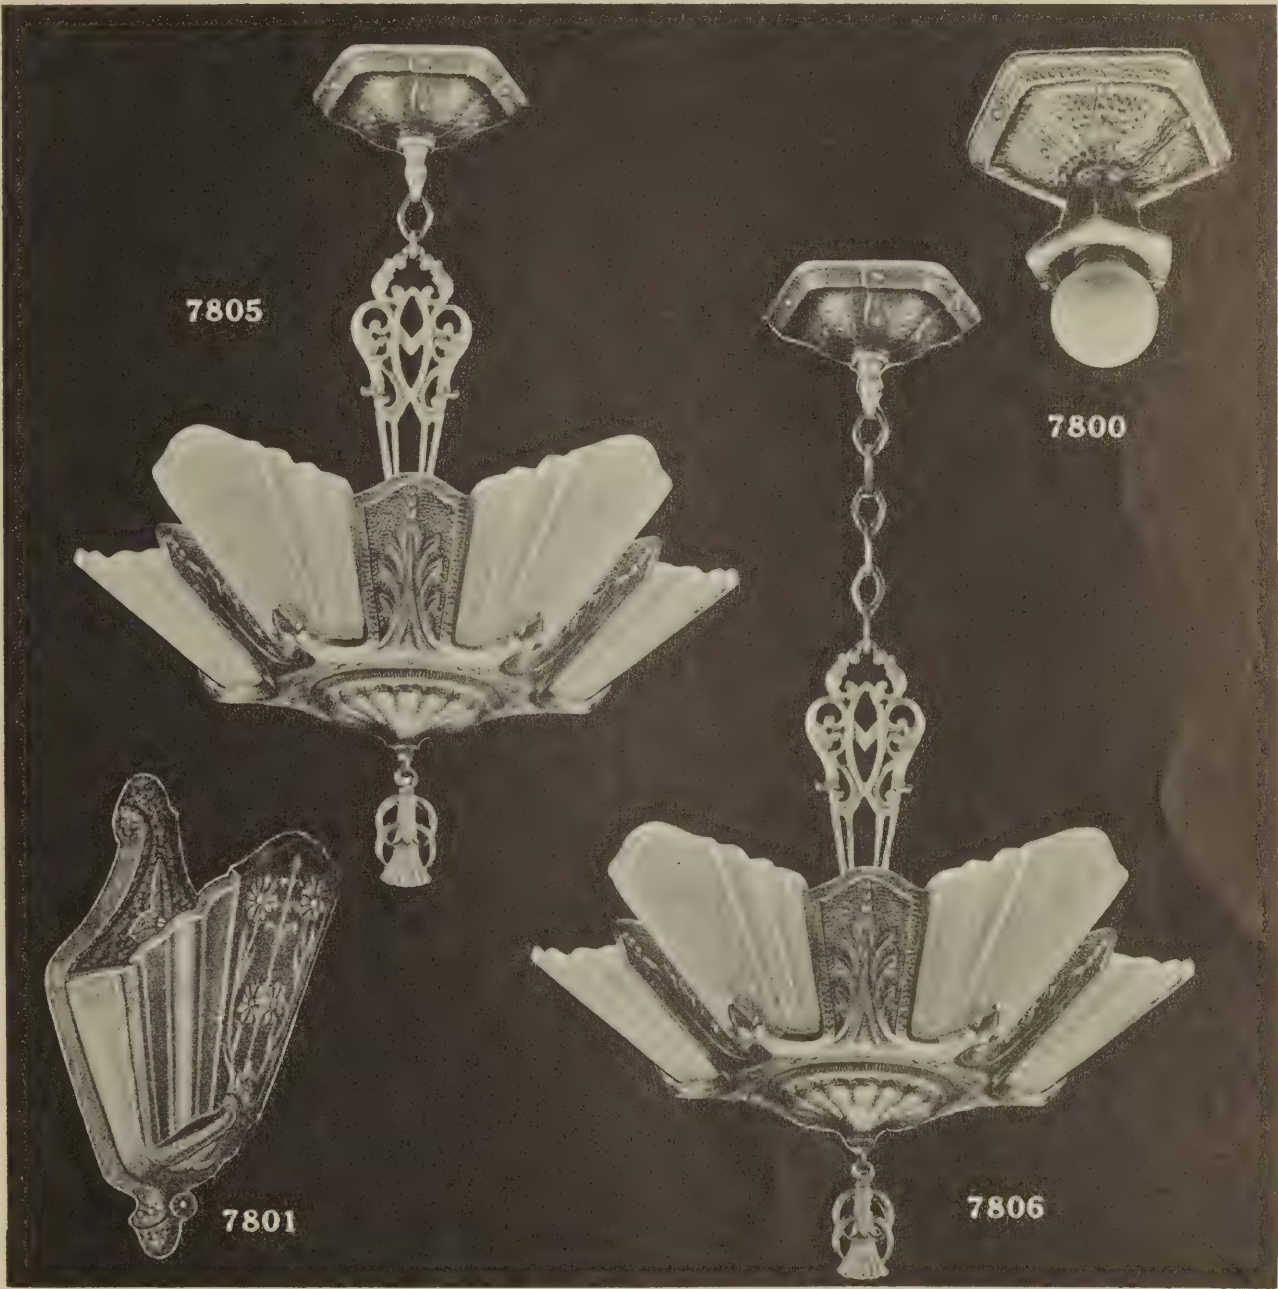

All fixtures wired and individually packed.

THE REXWOOD SERIES is built along the same graceful and pleasant proportions as the Dalwood Series, but has a beautiful glass bottom instead of bottom Louvre. This Series is designed to satisfy the desire for more brilliance in the decorative scheme of lighting. The scientific shape of the body bowl permits the best distribution of light while the bottom glass gives a semi-indirect lighting effect. The bottom glass permits easy relamping. Made in three fine finishes, giving this Series a wide range of usefulness and will adapt itself to many types of interior decoration. Bottom glass furnished to match finish of fixture. The brackets are I. E. S. type and are furnished with the new unbreakable "Textolite" reflectors and beautiful parchment shades. No. 755 Bracket furnished with 7-feet of approved rubber cord and plug.

THE LARCHMONT SERIES

FINISH: Rich Bronze Hand Antiqued.

Champaign Glass with motif to harmonize with metal parts.

Catalog Number	Style	Spread Inches	Length Inches	Extension Inches	Standard Package	Code
7800	Beam Light	6	4 ½	----	6	Lead
7801	1-Light Bracket	6 ½	10 ½	4 ½	6	Leader
7805	5-Light Semi-Ceiling	20	17	----	3	Leaf
7806	5-Light Drop	20	36	----	3	Leaflet

All fixtures wired and individually packed.

All Fixtures, Price Schedule "F"

THE LARCHMONT SERIES is a very effective and efficient glass shaded light line of excellent design. The glass members are rich in tone and set the fixture body off in brilliant relief. These fixtures are made of "Duralite," a cast metal, light in weight, strong and durable.

THE MAJESTIC SERIES

FINISH: Two-Tone Bronze in Basic Color with high-lights and ornaments in Old Gold.
Glass Shades of Delicate Honey Tint.

Catalog Number	Style	Spread Inches	Length Inches	Extension Inches	Standard Package	Code
8050	1-Light Beam	6	4	6	Helve
8051	1-Light Bracket	5 ½	9 ½	7	6	Helved
8055	5-Light Ceiling	18	18	4	Helving
8056	5-Light Drop	18	36	4	Hem
8070	1-Light Dome	8	5 ½	6	Hemp

All fixtures wired and individually packed.

All Fixtures, Price Schedule "F"

THE MAJESTIC SERIES: A moderately priced Series of shaded lights designed to create interest and attention. Gracefully proportioned outline and delicate ornamentation. Made of Duralite cast metal, light weight and durable. All fixtures on this page are wired complete and include glass.

THE MAYFAIR SERIES

All fixtures wired and individually packed.

All Fixtures, Price Schedule "F"

The inspiration for the design of THE OLD COLONY SERIES has been drawn from the beautiful specimens of the Early American metal craftsmen. These pieces will bring the splendid taste of our forebears to the modern residence, at low cost. The lighting effects of these fixtures are very pleasing.

"DINALITES" AND "DINETALITES"

BETTER LIGHT FOR BETTER SIGHT

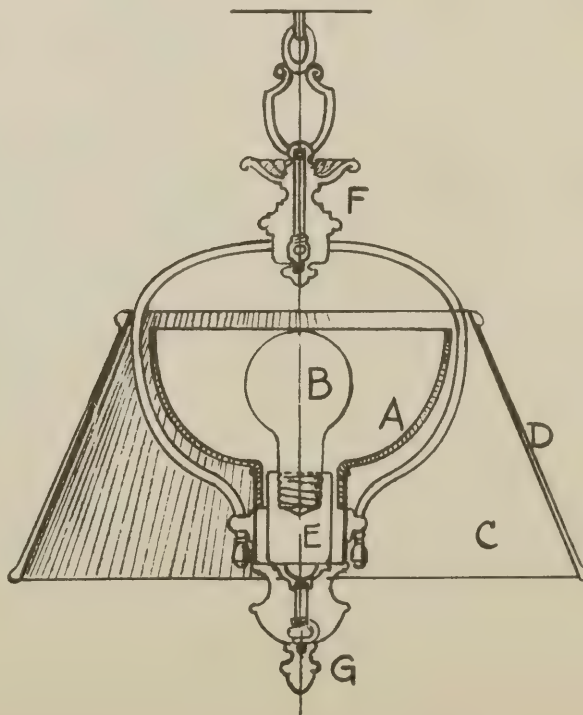

The "Dinalite" is extremely effective in styling and much more efficient than the stereotyped five-light fixture in common use.

Maximum eye comfort, great flexibility of lighting intensity, satisfying beauty, minimum cost.

DIAGRAM SHOWING IMPORTANT FEATURES OF THE "DINALITE"

- A. Glass diffuser of approved type designed to conform with Better-Light principles, giving glareless, shadowless light.
- B. The new three-way two filament bulb, 100/200/300 watts at turn of switch.

All Fixtures, Price Schedule "F"

THE BARRINGTON SERIES consists of a group of commercial fixtures unsurpassed in style and quality, at extremely low price. The fixtures consist of a series of two gracefully shaped LOUVRES, producing indirect type of lighting in accordance with the latest ideas in illuminating engineering. The Bottom LOUVRE permits an escape of light which is deflected against the outer surface of the Upper LOUVRE, giving an attractive and luminous effect to the fixtures when lighted. The Lower LOUVRE is of ingenious design permitting easy access for cleaning and lamp replacement. The Gold Stars are accents of beauty.

THE BURLINGTON SERIES

FINISHES: Mat Aluminum High-Lighted Rims; Also Made in Bronze with Gold Rims.

All Fixtures, Price Schedule "F"

THE BURLINGTON SERIES is similar in character and in detail to the BARRINGTON SERIES except that the fine decorative detail is accomplished by means of the semi-indirect LOUVRE of unusual character and design,—an original development by the "Frankelite" designers. This Series is gorgeous in appearance yet restrained in its dignified design.

BETTER LIGHT

BETTER SIGHT

MODERNIZER

(Patents Pending)

by Frankelite

TRANSFORMS YOUR OLD, INEFFICIENT LIGHTING SYSTEM INSTANTLY,
AT LEAST COST, INTO MODERN, EFFICIENT LIGHTING OF BEAUTY

Important features of the Frankelite "MODERNIZER"

1. No rewiring, no alterations, no muss necessary to make change.
2. High efficiency of output.
3. Glareless, shadowless, light for "Better-Sight".
4. The light source may be easily focused to obtain highest efficiency and even illumination.
5. Easy accessibility for cleaning inside of fixture.

Hanger in place with 6" fitter. Loosen screws, remove old glass globe.

Chain hanger may be instantly adjusted to focus light source. Relamping and cleaning with greatest ease. Just loosen one chain; not necessary to remove fixture.

All Fixtures, Price Schedule "F"

BALL SWIVEL STEM PENDANT TYPE, NO. 902S

MADE ALSO IN CHAIN PENDANT TYPE, AS NO. 902C

CLOSE CEILING TYPE NO. 902N

This graceful and charmingly designed indirect fixture has a series of four Louvres, so arranged as to permit the light to be deflected upwards towards the ceiling giving glareless illumination for eye comfort. A little light is permitted to escape through concealed openings. This escaped light is deflected against the vertical satin finished surfaces, giving the entire fixture a beautiful translucent effect. The interest is further enhanced by the polished rims which enliven the fixture with sparkling highlights.

The charm of the graduated Louvres is accented by a polished crystal ball finial.

These fixtures are suited to lighting larger rooms such as Stores, Offices, Banks, Lobbies, etc. Made only with Mogul Socket, and in three Pendant types: Swivel Stem Pendant type designated 902 S, Chain Pendant type as 902 C, and Close Ceiling type as 902 N.

FINISH: ALUMINUM SATIN FINISH HIGHLIGHTED

CAT. NO.	PENDANT TYPE	LENGTH OVERALL	DIAMETER	TYPE SOCKET	LAMP WATTAGES	CODE WORD

902 N	Close Ceiling	28"	20"	Mogul	500-750-1000	BAGGING

THE LOUVRE SERIES

FINISH: ALUMINUM SATIN FINISH HIGHLIGHTED

All Fixtures, Price Schedule "F"

CLOSE CEILING TYPE NO. 901N

In this fixture the same grace and charm as in the larger No. 902 is accomplished by an arrangement of three Louvres. The light is deflected toward the ceiling giving glareless illumination, for eye comfort. The light which is arranged to escape through the concealed spaces between the Louvres is deflected against the satin finished outer walls giving a luminous effect enriched by the highlighted rims. The three Louvres are arranged in rhythmic proportions and punctuated by a polished crystal ball finial.

For use in larger rooms, stores, lobbies, offices, etc., this line is furnished with Mogul socket for 300 or 500 watt lamps; and for smaller rooms, halls, homes, etc. is made with medium socket so that 150, 200 or 300 watt lamps may be used. Be sure to specify type of socket wanted.

CHAIN PENDANT TYPE NO. 901C

MADE ALSO IN SWIVEL STEM PENDANT TYPE AS NO. 901S

The fixtures are furnished with Mogul sockets or with medium sockets. In ordering please be sure to specify type socket wanted. Made in three types of Pendants; Ball Swivel Stem Pendant type designated as 901 S; Chain Pendant type designated as 901 C and in Close Ceiling type as 901 N.

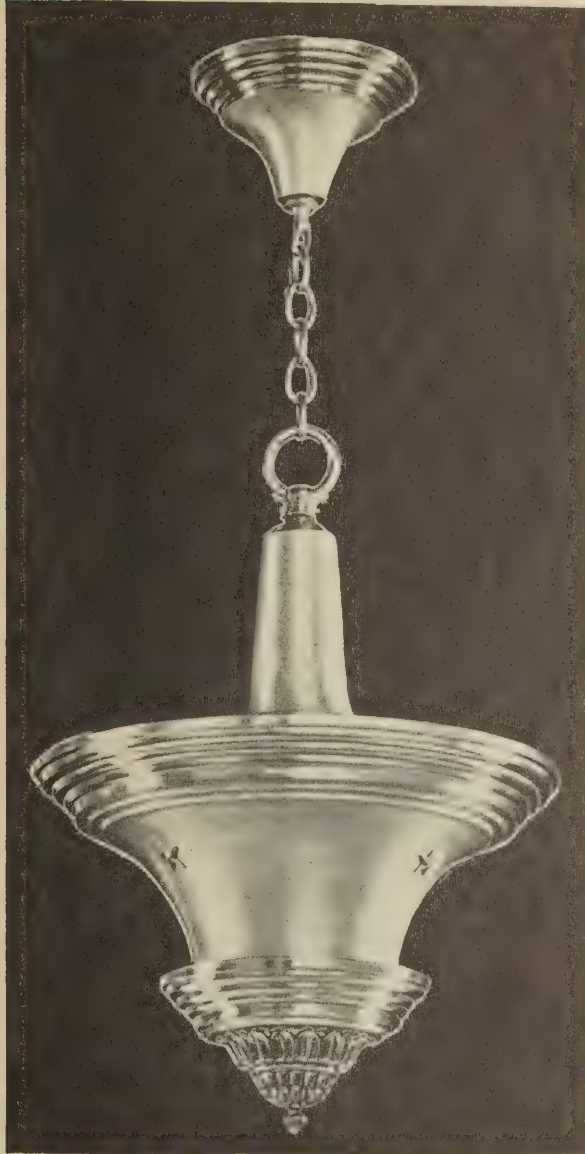

FINISH: ALUMINUM SATIN FINISH HIGHLIGHTED

LOUVRE SERIES

FINISH: ALUMINUM SATIN FINISH HIGHLIGHTED

CHAIN PENDANT TYPE NO. 904C

CHAIN PENDANT TYPE NO. 903C

MADE ALSO IN STEM AND CLOSE CEILING TYPE

This modern Louvre fixture is furnished with a frosted glass bottom, making a semi-indirect fixture of unusual beauty. The bottom Louvre has a concealed open space that permits escaping light to deflect against the sweep of the vertical outer wall, the satin finish giving a luminous effect accented by the polished rims. Three brass stars add interest.

This fixture is in all respects like No. 904 except that instead of the glass bottom a closed bottom is arranged to give total indirect lighting. The same smart luminous effect is here had by means of the concealed spaces in the bottom Louvre. Both No. 903 and No. 904 are extremely smart in appearance and will enrich any interior.

No. 903 and No. 904 are furnished with either Mogul or Medium sockets as specified. These fixtures are adapted for the home, office, library, school or modern store rooms. May be had in Ball Swivel Pendant (S) Chain Pendant Type (C) or Close Ceiling Type (N).

CAT. NO.	PENDANT TYPE	LENGTH OVERALL	DIAMETER	TYPE SOCKET	LAMP WATTAGES	CODE WORD

THE LOUVRE SERIES

FINISH: Mat Aluminum High-Lighted Rims;

All Fixtures, Price Schedule "F"

CLOSE CEILING TYPE NO. 910N

With this line of beautiful glass semi-indirect modern fixtures a most pleasant and beautiful illumination may be obtained. The inverted glass bowls are 18" in diameter of heavy glass, neatly ribbed and decorated with a garland of modern leaf motif in relief. When lighted this fixture presents a beautiful luminous effect showing the modeled elements on the glass in delicate shading. The inverted glass bowl is finished in the new honey-glow or the frosted white to harmonize with the aluminum metal fittings.

The pendant, canopy and socket cover with decorative elements are made in satin finish aluminum, highlighted with polished rims. The canopy is studded with brass stars giving a rich contrasting effect.

With the honey-glow glass the fixture gives a warm delicate tinting while when the frosted white glass is used,

CHAIN PENDANT TYPE NO. 910C
MADE ALSO IN SWIVEL TYPE AS NO. 910S

with the aluminum fittings, a cooler and harmonious effect is obtained.

This fixture is suited for stores, display rooms, offices, bank rooms, et cetera, of a more elaborate type and is equipped with Mogul socket for use with either 300 or 500 watt lamps. It may be adapted to the larger rooms of homes, libraries and halls for which it is equipped with a medium socket for use with 150, 200 or 300 watt lamps.

Specify No. 910 S for Ball Swivel Stem Pendant and for Chain Pendant type specify 910 C; for Close Ceiling type specify No. 910 N. Be sure to mention type of socket wanted and color of glass inverted bowl. It is furnished in Honey-Glow or Frosted White.

CLOSE CEILING TYPE NO 922N SHOWN
MADE IN ALL SIZES

This Total Indirect Series of fixtures is designed for eye comfort. It produces very efficient glareless and shadowless illumination. Made in three bowl sizes—12"—15" and 18" and lamp capacity from 100 to 1000 watts. The No. 920 has 12" diameter bowl and made only with medium socket for 100, 150 or 200 watt lamps. The No. 922 has 15" bowl diameter and may be had with Medium socket for 150, 200 or 300 watt lamps, or Mogul socket for 300 or 500 watt lamps. The largest size is No. 924 with 18" diameter bowl, made with Mogul socket only for 500, 750 or 1000 watt lamps. All sizes are made in Swivel Stem Pendant (S); Chain Pendant (C) and Close Ceiling (N) types. Be sure to specify pendant and socket types wanted.

All fixtures are made of aluminum satin finish with polished highlighted bands. Six brass stars are so placed as to add interest to the design and strength to the supports.

The canopies are designed to harmonize with the bodies and are set with smaller brass stars.

These fixtures are furnished in three sizes—12"—15"—18" diameter bowl, and in three types of pendants. Be sure to specify pendant type and socket wanted.

BALL SWIVEL PENDANT TYPE NO. 923S
MADE ALSO IN CHAIN PENDANT TYPE AS NO. 923C

CLOSE CEILING TYPE NO. 923N

This fixture is similar to the total indirect fixture No. 922 except that it is furnished with an etched glass bottom of neat design making a unique semi-indirect unit, giving a uniform glareless illumination for eye comfort. The bottom glass member adds much to the decorative quality of the fixture.

Six brass stars add to the interest of the design and strengthen supporting members. Finished in satin aluminum with polished highlighted bands. The canopy is designed in harmony with the body of the fixture and is studded with brass stars of smaller size.

Suitable for stores, offices, lobbies, et cetera; equipped with Mogul socket for use with 300 or 500 watt lamps. For smaller rooms and homes this group of fixtures is equipped with a medium socket for use with 150, 200 or 300 watt lamps.

Specify No. 923 S for Ball Swivel Stem type; for Chain Pendant type specify No. 923 C and for Close Ceiling type specify No. 923 N. Be sure to state type of socket wanted.

PROTECT YOUR EYES AND DO BETTER WORK WITH A FRANKELITE "DESKALITE"

THE "LUMILINE" SERIES

Suitable for homes, offices, stores, lobbies, cafeterias, theatres, night clubs, churches, concert halls, display rooms, ceilings, walls, beams, pilasters, etc.

THE FRANKELITE "LUMILINE SYSTEMS"

The Frankelite "LUMILINE FIXTURES" are unusual in style, finish, and complete in range of types for all practical uses. In addition to the lumiline fixtures Frankelite has developed a very novel and useful "LUMILINE SHIELD", which may be had both for the 12" or 18" size lumilines.

THE FRANKELITE "LUMILINE SHIELD"

Created by Frankelite

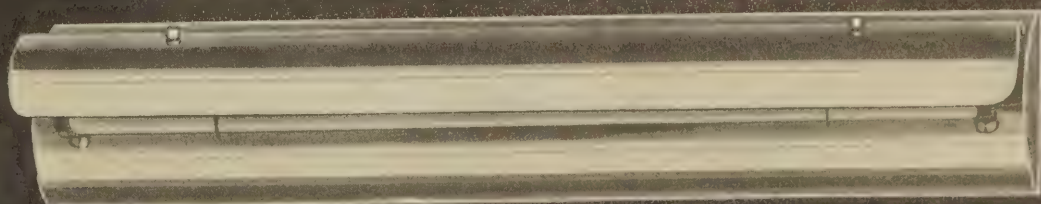

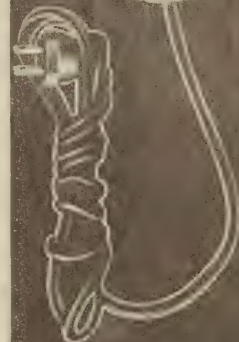

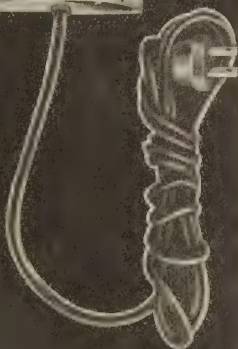

Snaps on to the lumiline lamp and may be adjusted to any desired angle. This adds greatly to the possibilities of obtaining unique lighting effects.

THE FRANKELITE PORTABLE HANG-UP LUMILINES

Have many applications which readily suggest themselves. The illustrations here show the 12" size. These are also obtainable in 18" sizes. Furnished with switch and 9 feet of approved cord with rubber plug. Complete, ready to hang and plug into convenience outlet. All Frankelite fixtures are well made and beautifully finished.

The Frankelite "LUMILINE CENTER AND CONNECTING PIECES" make possible unlimited combinations of lumilines for developing large surfaces, such as walls, ceilings, beams, pilasters, panels, etc.

The following pages give illustrations, specifications, and full details on the "Lumiline" fixtures and CENTERS, all types

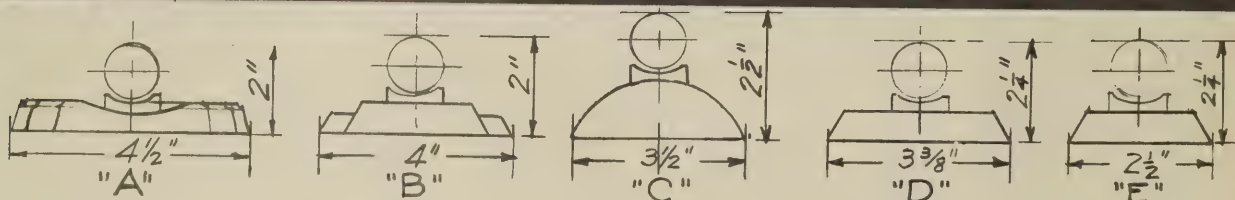

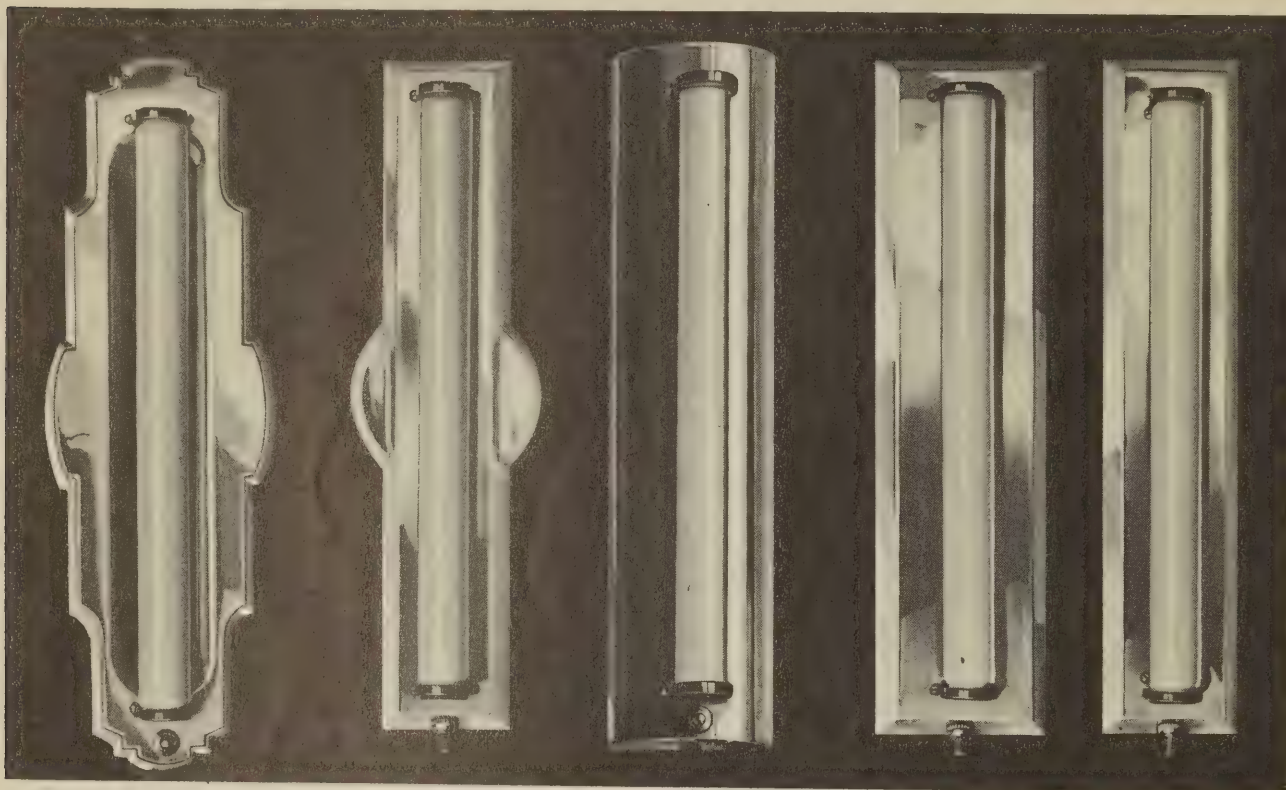

"LUMILINE FIXTURES"

by Frankelite

Obtainable for 12" and 18" size lumiline lamps, in a variety of shapes in polished cast aluminum and heavy steel chromium plated.

Here is illustrated a variety of shapes showing photographs and cross sections of Frankelite "LUMILINE FIXTURES."

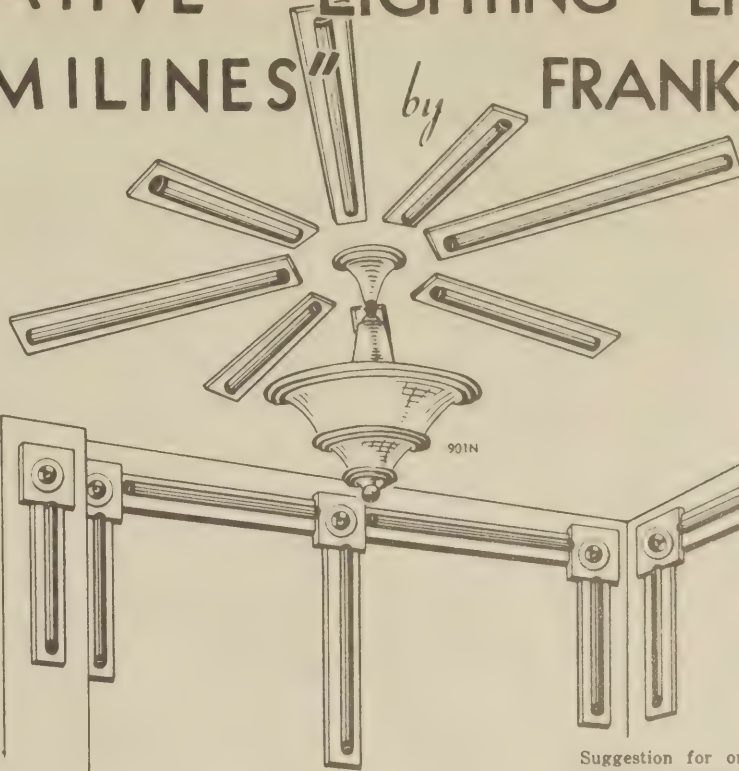

LIST and CATALOG NUMBERS OF FRANKELITE LUMILINE FIXTURES

Shape	For 12" Lumiline Lamps 40 Watts			For 18" Lumiline Lamps 30, 60 Watts			Finish
	With Switch	Portable Hang-Up	Without Switch	With Switch	Portable Hang-Up	Without Switch	
A	670	671	672	673	674	675	Polished Aluminum
B	666		667	668		669	Polished Aluminum
B	666		667	668		669	Ivory
C	660	661	662	663	664	665	Chrome
D	650		651	653		654	Chrome
E	656		657	658		659	Chrome

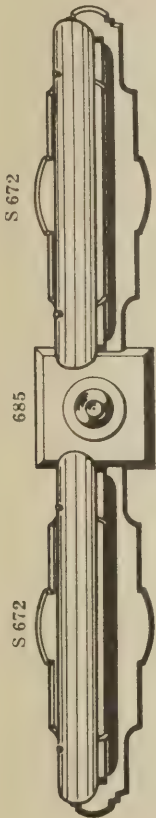

The above illustrations show all "LUMILINES" in 12" size. Obtainable also in 18" size, with or without switch, and in Portable Hang-Up type, as shown in table on this page. Any of the lumiline fixtures may be had with the Frankelite "LUMILINE SHIELD." If shield is wanted, add the letter "S" in front of catalog number of any fixture.

DECORATIVE LIGHTING EFFECTS WITH "LUMILINES" *by* FRANKELITE

Showing possibilities of combining FRANKELITE "LUMILINES" as a ceiling decoration in conjunction with central lighting detail; color, form, and beauty achieved with greatest effectiveness at least cost.

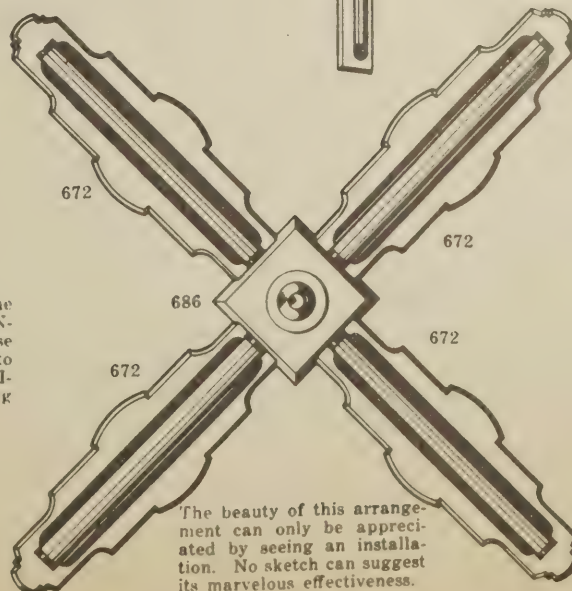

Suggestion for one of the many arrangements for panelling walls and pilasters in night clubs, restaurants, theatres, etc.

Showing a detail of panels and beams, treated with one of the many combinations of FRANKELITE "LUMILINES"

Showing one possibility for ceiling or wall combination.

Showing a detail with the application of the FRANKELITE Color Shields. These shields may be applied to any or all of our "LUMILINES", giving startling lighting effects.

The beauty of this arrangement can only be appreciated by seeing an installation. No sketch can suggest its marvelous effectiveness.

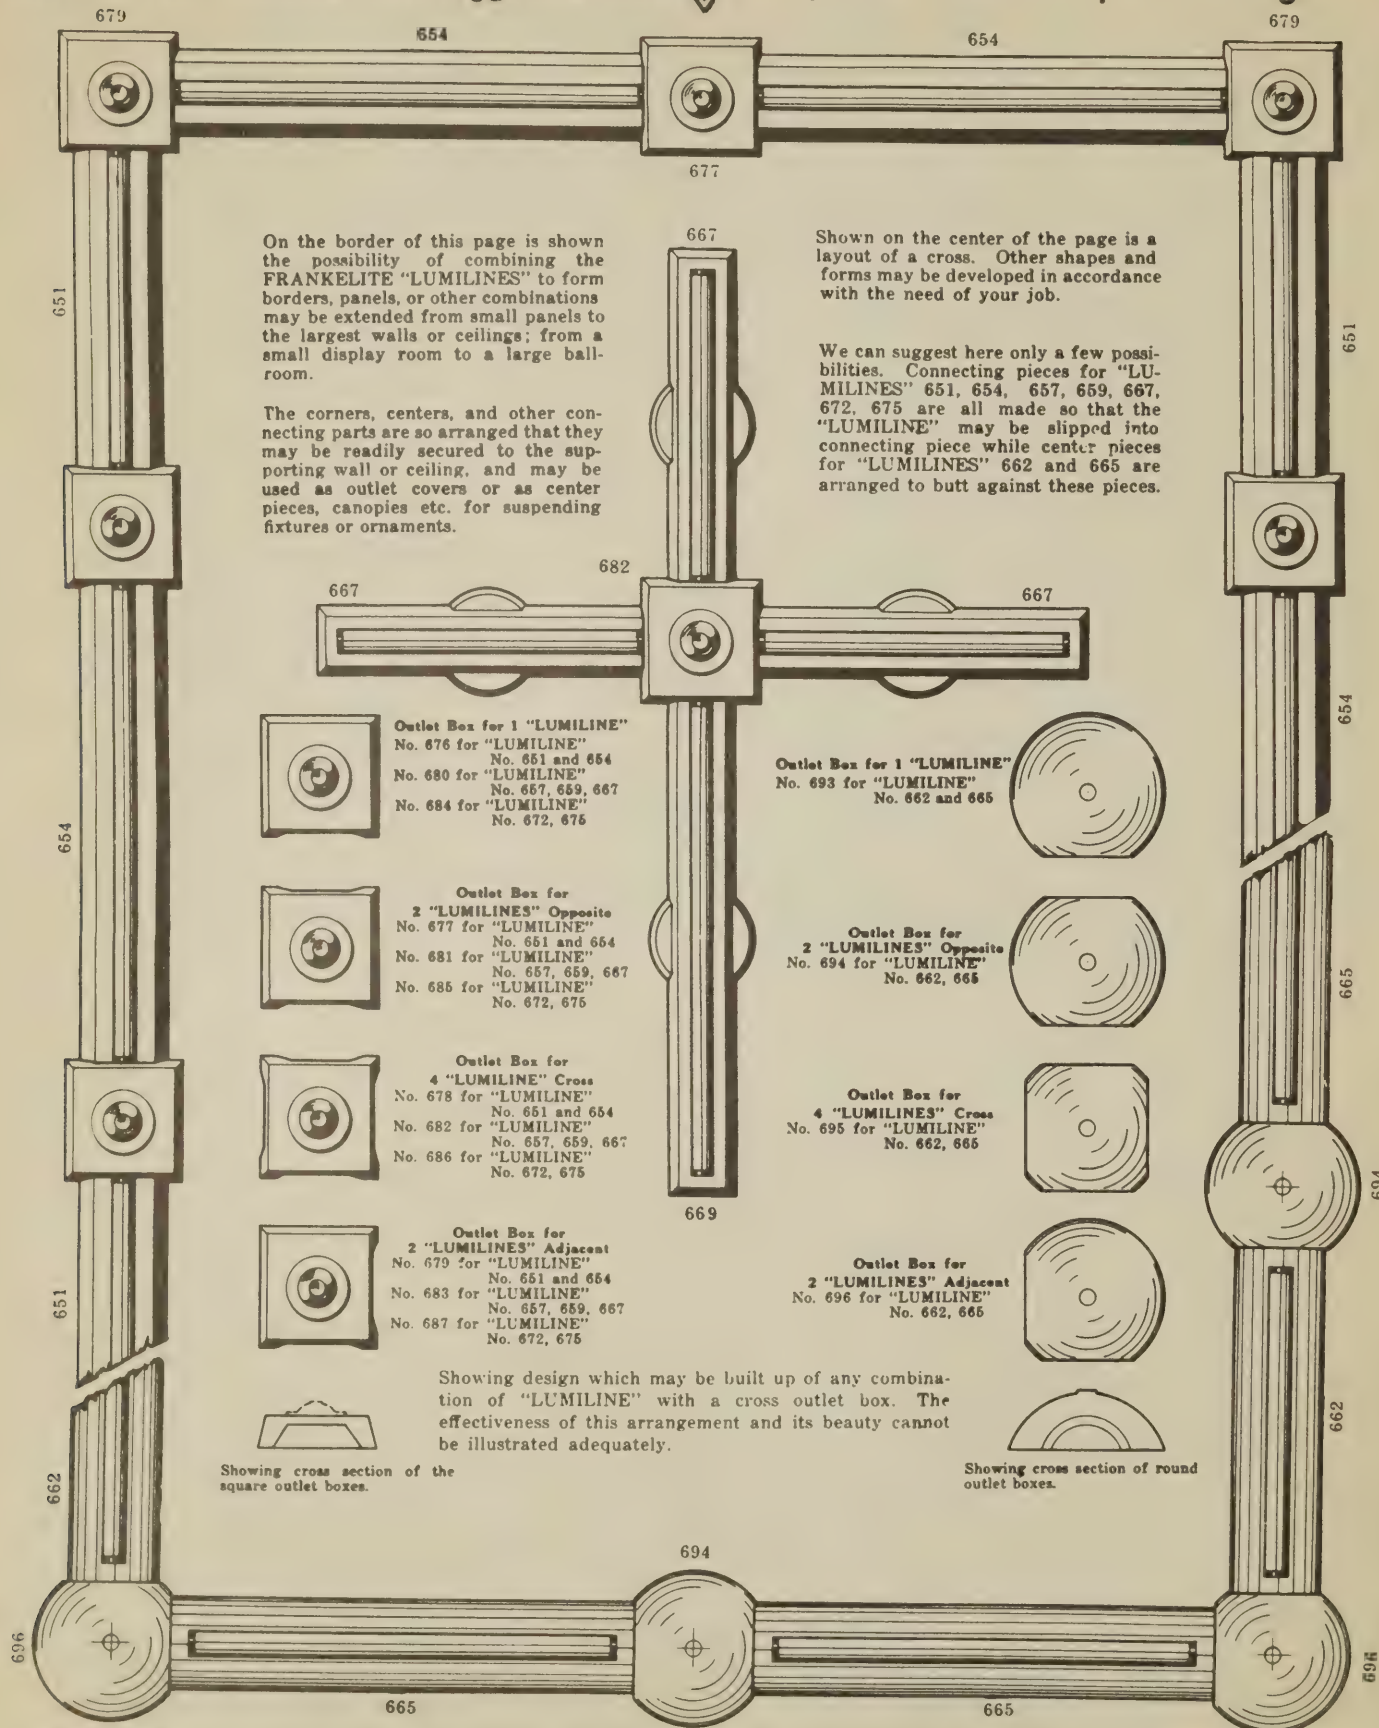

Architects and designers have here a medium of great flexibility and effectiveness with which they can work out most desirable interior effects in light, color, and form at the least expense to their clients.

Electrical dealers will find in the FRANKELITE "LUMILINE" system a ready and easy market for profit and satisfaction to their customers.

Owners of restaurants, cafes, night clubs, etc., cannot afford to pass up the possibilities and economy of the FRANKELITE "LUMILINE" systems.

Only a few combinations suggested here no job too small--no job too large.

On the border of this page is shown the possibility of combining the FRANKELITE "LUMILINES" to form borders, panels, or other combinations may be extended from small panels to the largest walls or ceilings; from a small display room to a large ball-room.

The corners, centers, and other connecting parts are so arranged that they may be readily secured to the supporting wall or ceiling, and may be used as outlet covers or as center pieces, canopies etc. for suspending fixtures or ornaments.

Shown on the center of the page is a layout of a cross. Other shapes and forms may be developed in accordance with the need of your job.

We can suggest here only a few possibilities. Connecting pieces for "LUMILINES" 651, 654, 657, 659, 667, 672, 675 are all made so that the "LUMILINE" may be slipped into connecting piece while center pieces for "LUMILINES" 662 and 665 are arranged to butt against these pieces.

Showing cross section of the square outlet boxes.

Showing design which may be built up of any combination of "LUMILINE" with a cross outlet box. The effectiveness of this arrangement and its beauty cannot be illustrated adequately.

Showing cross section of round outlet boxes.

The above sketches merely show suggested arrangements, and cannot adequately represent the beauty of these well-styled fixtures in combinations with unlimited array of color effects, obtainable with the "LUMILINE" lamps themselves. Here is shown what may be accomplished by the unusually complete and comprehensive line developed by FRANKELITE. It offers the greatest possibility for economical and effective decoration and variety.

Never before has there been such an ingenious device for enriching the interiors of public places, as is offered by the FRANKELITE "LUMILINE" fixture system.

The details have been very carefully worked out to satisfy the requirements of the owner, the illuminating engineer, the architect, and the interior decorator.

THE "LUMILINE" SERIES

The Frankelite "Lumiline" fixtures are made very substantial of heavy material and fine construction. They are not to be confused with the numerous cheap, flimsy fixtures offered in substitute. The Frankelite "Lumilines" offer most unusual and unlimited possibilities for sales development to the widest range of customers. Installations already made have proven extremely satisfactory.

On the following page is shown the Frankelite "Lumiline" center and connecting pieces, their catalog numbers and "Lumilines" which they fit.

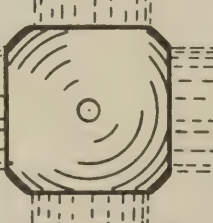

All NUMBERS Shown On This Page Individually Packed, Standard Package 3, Price Schedule "F"

THE "LUMILINE" SERIES

The Frankelite "LUMILINE CENTER AND CONNECTING PIECES"

Suitable for homes, offices, stores, lobbies, cafeterias, theatres, night clubs, churches, concert halls, display rooms, ceilings, walls, beams, pilasters, etc.

How to select **CENTER PIECES** for Frankelite "Lumilines" to build decorative arrangements as suggested on preceding pages. In the four columns headed by sketches of the **CENTER PIECES** is shown catalog numbers of the "Lumilines" which these **CENTERS** will accommodate, and in the first left-hand column, in bold face type, is shown the number of the **CENTER PIECE** wanted. If, for example, you wish to make a cross using "Lumiline" No. 667, you will find **CENTER PIECE** "for 4 Lumilines (cross)" at top of page. In column directly under you will find No. 667, on the same horizontal line, in the first column, you will notice the number of the cross **CENTER** is No. 682, shown in bold face type. Use bold face number in ordering "**CENTERS**".

PORCELAIN AND GLASS SERIES

FINISH: White Vitrified China, New Glass with Enamel Bottom
and Crystal Prismatic Top.
